Automatic BNA bands
Airport transfer requires Nashville International Airport (BNA) as pickup or destination, verified by Google. *Under 15 driving miles uses the Downtown fare. From 15 to under 20 driving miles, use the published 15–17 mile fare. From 20 to under 30 driving miles, use the published 20–25 mile fare. All verified BNA transfers under 30 miles receive an automatic band price.

30 to under 40 miles
Transfer fare = the vehicle class's 20–25 mile base + $3 × (verified driving miles - 30). Round only the final total to cents. SUV example: 35 miles = $165 + 5 × $3 = $180. Exactly 30 miles = base only.

40 miles or more / route not verified
